DATE 11-8-06

NAME _____ CASE NO. _____

SPECIAL INSTRUCTIONS: _____

Colonoscopy

Restrictions on activity:

Do not drive a car or operate machinery until the day after the procedure.

Following day:

Return to full activity including work.

For 3 days:

No heavy lifting, straining or running.

Diet:

Eat and drink normally unless instructed otherwise.

Treatment for common after effects:

Mild abdominal pain, bloating or excessive gas: Rest, eat lightly and use a heating pad.

Symptoms to watch for and report to your physician:

1. SEVERE abdominal pain or bloating.
2. Fever within 24 hours after procedure.
3. A large amount of rectal bleeding (A small amount of blood from the rectum is not serious, especially if hemorrhoids are present.)

If a polyp has been removed.

For next 7 days:

Do not take aspirin.

Do not take long car trips.

If bright red rectal bleeding occurs, call your physician.

If you have any questions or problem please call your physician.
